---

Good afternoon Parents, Carers and Students,

Thank you all for what appears to have been another very positive day of Remote Learning today. Students appear to be settled in their classes and engaged in their learning. I am also hearing of fun activities that are happening in PC groups - so important to be having some fun as well!

It is also important for students (and, indeed all of us!) to be getting exercise and fresh air. I hope that you are all taking regular breaks and ensuring that you are refreshing your thoughts!

You will have seen the list of exposure sites growing on the ACT Health website and this includes schools in our region. ACT Health has advised us today that, at this time, our school is not considered to be an exposure site. We will keep you informed with any further information that may come to hand. I encourage you to check the Covid exposure site list on the ACT Health website.

Thank you again for the lovely messages that many of you are sending. They are greatly appreciated!

As always, we are here to support you. Please contact us if you need something.

Warm regards

***Catherine***
